Report TD 3 :

Jonathan Stoppani et Elias Medawar

Version: March 14, 2011

1 XYZ

1.1 ydfsfdg

2 Program, Intel Processor

2.1 Time measurement

```
static __inline__ unsigned long long rdtsc(void)
{
  unsigned long long int x;
    __asm__ volatile (".byte 0x0f, 0x31" : "=A" (x));
    return x;
}
```

We have measured the time with this function and the proposed method of this curse .
